Town of Thetford, Vermont FACILITY USE POLICY

Proposed June 6, 2022 Revised Draft June 20, 2022 Revised Draft June 27, 2022

Purpose

The Town of Thetford has one or more facilities that are available for use by residents and members of the public. These facilities are available to all qualified users on equal terms without regard to race, color, religion, national origin, or other status covered by applicable state or federal laws or regulations. In allowing the use of these facilities, the Municipality will not discriminate against users of the facilities based on the users' particular viewpoint(s).

It is the obligation of the Municipality to ensure that its facilities are maintained in good condition and their use and maintenance do not impose an undue financial cost on the Municipality's residents. This policy is intended to help ensure that: the Municipality's facilities will be well maintained and accommodating and will provide a safe environment; and the Municipality will be fair and consistent with all parties wishing to use its facilities.

Facilities to Which This Policy Applies

This policy shall apply to the following facilities in the Municipality, which shall be available for rental during the following listed hours, at the following listed user rates, and with maximum occupancy as listed:

Facility	Available Hours	User Fee	Maximum Occunancy
Thetford Center Village Green	8am-9nm	\$50	150
		Per Treasure Island fee	Varies per facility
Treasure Island Facilities	8am-9om	schedule	Used

By written request, the Selectboard may waive or reduce the user fee for not-for-profit organizations that serve a legitimate public and community good.

Priority of Use

The Municipality will make these facilities available on a first-come, first-served basis for individuals, groups, businesses, and organizations to rent during times when the facilities are not being used for Municipality programs or events sponsored by the Municipality and when they are not being used by Municipality staff, boards, commissions, or committees.

Facility Use

Any individual, group, business, or organization wishing to use municipal facilities shall notify the Town Manager or their designated agent of the date and time on which they wish to use such facility at least ten

(10) business days prior to event. No use of a facility shall be permitted until a written Facility Use Agreement is executed by the Municipality, the applicable user fee and/or security deposit has been paid to the Municipality, and proof of insurance has been provided to the Municipality as required by the applicable Facility Use Agreement.

Security Deposit

In addition to the user fee listed above, a security deposit of \$100.00 will be required for use of an indoor facility. An additional security deposit of \$150.00 will be required for events where alcohol will be furnished. Such security deposit(s) will be returned promptly to the User ifno damage has been caused to the Facility and if all cleaning activities have taken place as specified in the signed Facility Use Agreement.

Alcohol, Tobacco, and Drugs

The consumption or possession of lighted tobacco products or use of tobacco substitutes and cannabis in any form is prohibited on municipal property. The consumption or use of alcoholic beverages is only permitted on municipal property as specifically described in a duly executed Facility Use Agreement. The applicant is responsible for ensuring that any federal, state, or local requirements for the disbursement or consumption of alcohol are secured prior to the submission of a Facility Use Agreement. The sale, possession, consumption, or use of illegal drugs is prohibited on municipal property.

Obligations of Users

Use of municipal facilities must not disrupt the provision of municipal services. Nor shall use of a facility create a nuisance or disturb the quiet enjoyment of anyone using adjacent or common premises and facilities. Users must return the facilities in a neat, orderly, and clean condition after their use. Users will be responsible for, and liable to, the Municipality for all repairs to the facilities required as a result of damage caused by Users.

Effective Date

This Policy shall become effective upon adoption by the Selectboard, and the fees may be amended from time to time as deemed appropriate by the Selectboard.

Subject: RE: Insurance Requirements for Town of Thetford Facility Use Policy

Bryan -As we discussed, I have a few comments for the Selectboard's consideration.

As a threshold matter, the Facility Use Policy and the Facility Use Agreement are both very good and have obviously been drafted by attorneys who are well-versed in matters of municipal law and liability. So my criticisms are fairly picayune.

- 1. Paragraph Two of the Facility Use Policy provides that "By written request, the Selectboard may waive or reduce the user fee for not-for-profit organizations that serve a legitimate public and community good." I am troubled by this language insofar as it creates no standards by which the Selectboard is to determine what is a "legitimate and community good." Suppose, for instance, that the Selectboard waived the fee for a community forum sponsored by Black Lives Matter on the grounds that BLM serves a "legitimate and public good." What would happen if the Proud Boys then asked for a waiver for their forum? My fear is that this section leaves far too much room for subjective judgments on the part of the Selectboard. My advice would be to have that sentence simply read "The Selectboard may, on request, waive or reduce the user fee." If someone requests a fee reduction, I would not engage in a discussion over whether the organization advances a "legitimate and public good" but, rather, whether a fee reduction is appropriate under the circumstances. If, for instance, someone is holding a memorial service for a long-time town employee, it strikes me that a fee reduction makes a great deal of sense.
- 2. Here's where I put on my personal injury lawyer hat and try to find loopholes in the agreement to go after the Town's insurance coverage. Paragraph Eight of the Facility Use Agreement reads "The Municipality is not liable for any injury to persons or loss or damage to private property which occurs during the Event." (Added emphasis). Suppose there's an event at which alcohol is served, and someone at the event is clearly impaired and drives away and kills someone ten minutes later. That collision will not have occurred "during the event," which would potentially make the Town liable. would amend that language to add the phrase "or as a consequence of the Event" at the end of the sentence.
- 3. Finally, I would amend Paragraph Five of the Facility Use Agreement so that the language is consistent with the "Alcohol, Tobacco, and Drugs" section of the Facility Use Policy. The latter prohibits the use of tobacco substitutes on town property, but the former does not.

Cheers!

Subject: Insurance Requirements for Town of Thetford Facility Use Policy

Hi Charlie,

The Selectboard has been reviewing a new facility use policy based on a template provided by Vermont League of City and Towns (VLCT), along with the more detailed insurance requirements contained in the use agreement. There has

been a lengthy discussion regarding insurance requirements for individuals and community based *events* and the Selectboard asked me last night to reach out to you for your input, if you so desire.

Please let me know if you would be able to discuss what insurance requirements the Selectboard should be considering.

Thank you,

Bryan R. Gazda, MPA Town Manager Town ofThetford, VT. PO Box 126 Thetford Center, VT. 05075 (802) 785-2922 Ext. 180
