

# ARE YOU INTERESTED IN COMMUNITY SOLAR?

The Joint Thetford Energy Committee (JTEC) has partnered with Norwich Solar to build an additional 375 kW Solar Array in town next to the Thetford Elementary School array. By subscribing to this array, Thetford residents will have the opportunity to save money on their electricity bills while helping meet Vermont's renewable energy goals! If you're interested in signing up for a Community Solar Agreement, please provide your information below. As the project is underway, JTEC and Norwich Solar will contact you with details on how to participate.

Name \_\_\_\_\_

Phone \_\_\_\_\_ Email \_\_\_\_\_

Preferred method of contact :  Phone  Email

Street Address \_\_\_\_\_

Town, State, Zip code \_\_\_\_\_

Mailing address (if different) \_\_\_\_\_

Town, State, Zip code \_\_\_\_\_

GMP account number \_\_\_\_\_ Annual electric bill estimate (\$)

Do you receive energy assistance?  Yes  No

Do you receive fuel assistance?  Yes  No

Signature \_\_\_\_\_ Date \_\_\_\_\_

## What Is a Community Solar Agreement?

A Community Solar Agreement (CSA), also known as a Net Metering Agreement, is an arrangement where a solar company, such as Norwich Solar, builds a solar project and offers the solar credits for sale to local customers. The solar company owns and operates the solar project, while the customer buys solar credits from the project and receives a discount on their electric bill. The discount on this Array is 7%. Income qualified residents may be eligible for greater discounts.

## Benefits of a Community Solar Agreement

- ✓ Electricity cost reductions that are stable and predictable
- ✓ No upfront capital investment or maintenance/operating expenses
- ✓ Directly supports the deployment of new renewables on the grid

For up to date information on the process and a schedule of outreach events, please visit JTEC's website: <https://www.thetfordvt.gov/government/energy-committee>
