Safeline, Inc. is a 501(c) (3) non-profit organization that provides free and confidential services for victims of domestic violence, sexual abuse and stalking in Orange County and northern Windsor County.

During the fiscal year ending June 30, 2023, Safeline provided 2,325 services for 262 victims of domestic violence, stalking and sexual abuse.

119 services were provided for 14 victims (12 females, 2 males) who identified themselves as residents of Thetford (4 of these victims were children). It is likely that these statistics are understated, as victims often choose not to give any identifying information out of fear for their own safety.

Safeline provides free confidential services. For Thetford residents this past year, these services were for people experiencing: domestic violence (2); sexual violence (10); gun violence (1); and child abuse (1). Services that were provided were: crisis intervention (23), safety planning (14); information/referrals (18); emotional support (26); case management (11) and various other services.

In addition to providing direct services, Safeline is a resource to the community at large and is committed to changing the culture of violence in our society. As part of this work, Safeline offers a full-range of prevention education activities for community organizations, faith communities, youth groups and other groups seeking information about domestic and sexual violence.

We thank the voters for your support as we work to end domestic violence and sexual abuse in Thetford.
